

Achievements

ASEI is very proud of its legacy and achievements. Over the last 33 years, ASEI has transformed from a local grassroots organization into a national multi tier organization across the United States.

- Has held 30 national conventions in its 33 year existence promoting technology & exchange of knowledge
- Instituted scholarship at various levels from high school through college graduate level and has awarded more than hundreds of thousands to deserving students
- Partnered with corporations to recognize and award their employees through the Corporate Excellence Recognition Program (CERP)
- Conducted Technical Talks throughout the year to foster continuous learning of its members at the chapter level
- Recognized its good standing members for their life time achievements, service excellence to ASEI and excellence in science, engineering and technology

Membership Matters! Join ASEI

- Connect and network with other engineers, scientist, technologist or similar minded members, and make a difference by getting involved.
- Join ASEI community of engineers to learn new technologies, keep your skills up to date, explore solutions to technical problems and advance your career.
- Joining ASEI is the most important connection an engineer can make. Members enjoy various benefits and discount at ASEI events and conferences.
- Become a member at www.ASEIUSA.org

Become Involved in

As an engineer, scientist, technologist or professional, we possess knowledge, skills and abilities that are highly valued and can be of great benefit to our communities.

In summary, get involved in ASEI organization. However, do so deliberately and in a manner that will make the most of your participation.

The American Society of Engineers of Indian Origin (ASEI) is an organization of engineers and technical professionals of Indian origin.

ASEI was established in 1983 in Michigan, and is a non-profit organization. Since its inception in 1983, ASEI has strived to strengthen the Indo-American relationship, institute a channel of communication between technical organizations within the United States and abroad, lend a helping hand to charitable organizations, provide assistance to engineering students at the Local and National levels, and organize networking events.

ASEI Vision

Create a national network of technical professionals of Asian Indian Diaspora living in the US to provide a platform for networking, career advancement, community service, technology exchange and to develop the next generation of scientists and engineers.

ASEI Mission

- Provide networking opportunities for professionals, students, and businesses
- Provide career guidance and mentoring to members and students
- Recognize outstanding engineers, students and entrepreneurs
- Provide student scholarships
- Promote careers in Science, Technology, Engineering and Math (STEM)
- Participate in humanitarian projects
- Promote Indo–American relationship
- Promote technology transfer between India and USA
- Host annual national and local conventions to advance ASEI Mission

ASEI Principles

Volunteerism	Involvement	Commitment
Fellowship	Excellence	Leadership
Diversity	Encouragement	Respect
Advancement	Recognition	No Politics
No Religion	No Regionalism	No Communalism

ASEI Organization

Currently, ASEI has Five (5) chapters and Three Student chapters.

- Michigan
- Southern California
- Silicon Valley
- Seattle
- Washington DC
- UMD (Maryland) student chapter
- UOL (Louisville) student chapter
- CSULB Cal State Long Beach student chapter

A Brief History of ASEI

The American Society of Engineers of Indian Origin (ASEI) was founded in Detroit, Michigan by Mr. Hari Bindal with the objective of exchanging and collaborating technologies between India and USA.

On 5th May 1983, the name ‘American Society of Engineers from India – ASEI’ was selected by ASEI board member. In 1992, the name was changed to American Society of Engineers of Indian Origin, retaining the acronym as ASEI.

ASEI was formally inaugurated on 9th September 1983 by Mr. Bagla, Minister for Economics, India in Washington DC.
